Saturday, October 17th
10.00 am - 6:00 pm
Admission: \$100

Unity Santa Fe
1212 Unity Way
Santa Fe, NM 87506

We live in a world where power is constantly being abused and misused. It is so important that we understand how to protect ourselves and our loved ones from the fear and negativity around us. In this full day workshop, Peter Bonaker, Four Winds Society, Healing the Light Body School, Sr. Staff member, will share the shamanic practices to walk through the world with protection and light.

The Four Winds Society, an international research and training organization, is preserving a thousand year old tradition of knowledge to achieve personal and planetary healing.

Founded by psychologist and medical anthropologist Dr. Alberto Villoldo, The Four Winds Society provides a scientific framework through which we can learn the ancient art of energy medicine. Our Healing the Light Body School trains practitioners in luminous healing, and our Master Practitioner of Soul Retrieval and Destiny Retrieval program offers certification in destiny work, the path to discovering a client's high calling.
